### Notes

- Fall 2008 comments were deleted off of Mpathways. The 'View Instructor Report' link is the only report available for Fall 2008. To obtain reports for evaluations prior to Fall 2008 or for Evaluation Comments for Fall 2008 term contact the Registrar's Office - Evaluations ([ro.evaluations@umich.edu](mailto:ro.evaluations@umich.edu)).
- The Winter 2009 evaluation period ended 2 days early the data reported for Winter 2009 is incomplete.
- The link to 'View Individual Responses' is available at the end of the term when the Teaching Evaluation results become available for the term. The Individual Responses report will be deleted from Mpathways when processing for the succeeding term starts. For example, the Individual Responses for Winter, Spring, Spring/Summer and Summer 2011 terms will no longer be available once the processing for the Fall 2011 Teaching Evaluation Reports starts in December.
- The link to View Evaluation Questions becomes active in Faculty Center once an evaluation for the class/instructor has been ordered. The final evaluation report links become available once grade rosters are posted.
